Action Taken

Action Taken Report in Session 2020-21

Concerns Received	Action Taken
College need to be more focused on Sports facilities	- Improved sports facility - More time for Sports Club after working hours - More Sports on Saturdays
There should be at least to games period per week	
Behaviors of Guard on Gate	Guards were asked to be polite while dealing with students and staff
More spaces for Practical	The feedback is shared with the concerned HoDs. They were asked to increase the Practical Hours for some of the Laboratories of concern
More Industry Oriented Trainings	- Corresponding feedback is shared with the HoDs - AIMA BizLab started in MBA in the Year 2019
Office Staff need to be more supportive	Feedback is shared with Registrar. They are conveyed to listen to all the student's problems with patience and provide solution.

 improvement so separate session could be arranged for
 these topics also more exercise to be given so that students can
 practice them properly.

due to online classes, there were some disturbance and some of the topics are unclear, specially power electronics control of drives in electric traction. So we are working on the process to let the students understand the concept by brushing the basics of power electronics and concepts of physics, for better understanding

Due to lockdown, students were unable to do the practicals.

Thus the concept of structure of program is unclear. It needs hands on training to understand the concept of programs of microprocessor. In case of offline classes, this problem never occurs. So, now we are working on the process to make students understand the concept of structure of program through online mode also, on the basis of programming.
